

## *Danke (thank you)!*

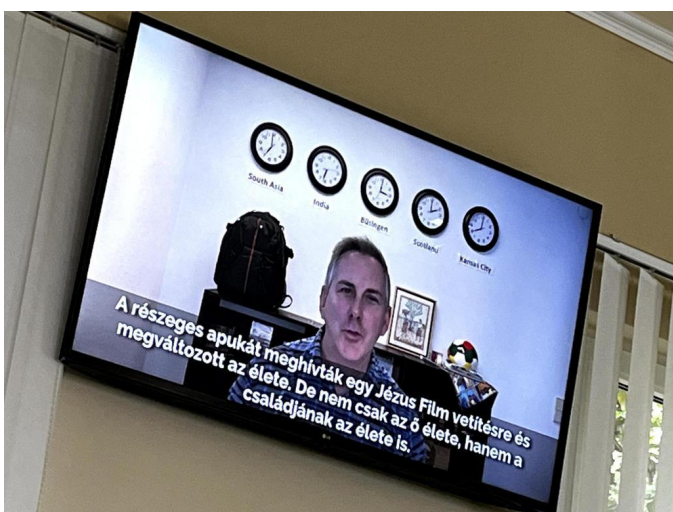

It seems ours is a life of contrasts. We live on the border of Germany and Switzerland (some refer to it as Switzermanny). It is a combination of both countries/cultures. Five time zones separate us for our previous home in Bangladesh.

As was the pre-covid norm, we are traveling extensively. In the last year, we have been from Northern Ireland down to South Asia.

What do we do you ask?

- We tell our church family what God is doing in the lives of people across the Eurasia Region.
- We equip national workers with information and skills to help others become disciples of Christ.
- We literally help equip them with tools to share the gospel.

Thank you for allowing us to be your missionaries serving where the Lord has called us. These pictures will give you a glimpse of our lives.

*Rusty doing training with translation - he looks like a newscaster*

*Leadership training*

*Speaking in the United Kingdom*

*Visiting a widow and the fatherless*

Praises:

- We thank God we live in a place of safety and have access to resources for daily life.
- It is a joy we have been able to visit some of the countries and people of South Asia to maintain our relationships with face-to-face conversations.

Trash clean-up in Dhaka

The light bags are recycle and black bags are trash. We are serious about our recycle in Switzerland.

Fellowship with new neighbors

#### Prayer Requests:

- Ask the Lord to help us keep our eyes on Him and not become overwhelmed by our numerous administrative tasks.
- May we be good reflections of Christ.

*We appreciate your prayers and financial support. Your generosity encourages us and blesses others as well.  
May the Lord bless you to overflowing.  
Rusty and Diane*

Visiting an old neighbor

Connecting with youth in Dhaka
